

Monte Carlo Simulation

This course introduces participants to a powerful tool that enables decision-makers to address uncertainty explicitly overcoming the weaknesses of the more traditional scenario analysis approach.

Monte Carlo Simulation - 25th - 26th June 2019

Using Monte Carlo Simulations for enhanced:

- Cost-based decision-making
- Cost Control
- Capital budgeting related decisions

Top speakers

- Prof. Dr. Michael Burkert, University of Fribourg, Subject Area Coordinator

What our students said

- The method that was explained in this module is very interesting
- In my opinion, dealing with uncertainty is a key competence to learn in this programme
- I had the chance to get new tools for my job
