

Open position at the international institute of management in technology (iimt), Chair of Management in Information and Communication Technology (ICT) at the Faculty of Economics and Social Sciences of the University of Fribourg:

Research Fellow (100%)

We are currently seeking a research fellow with sound scientific research experience and a desire to work at a cutting-edge project: the **smart living lab** - an inter-disciplinary, interinstitutional excellence centre for the built environment of the future.

Scope of Activity

- Participation in and enhancements of the interdisciplinary project "smart living lab". Our focus is on the socio-technical and socio-economic research in the fields:
 - Digitization and Decentralization,
 - Energy, Mobility and (Cyber-)Security,
 - Sustainability and Social Innovation,
 - Community und Sovereignty,
 - Prosumer-Behaviour and Business Models.
- Encouraging and motivating the students of UniFR to generate innovations, new methods and ideas.
- Involvement in the teaching activities of the Chair of Management in ICT.

Requirements

- Above-average university degree (doctorate).
- Excellent research experience and acquisition of third-party funding.
- Managerial qualities.
- You are open, communicative and team oriented as well as well organized.
- You have a good command of German and English; French skills are an advantage.

Specifics

- We provide a modern and dynamic work environment.
- We are a young team who appreciates teamwork.
- An exciting activity in an international environment.

Possible starting date

Immediately or by appointment.
