

Open positions at the **international institute of management in technology (iimt)**, Faculty of Economics and Social Sciences of the University of Fribourg:

PhD Positions

The successful candidate will participate in teaching and research in the fields of management of information security, management of energy systems, project management or innovation and technology management. He/she will also support the iimt in its Executive MBA and Diploma program. Within the scope of the activity, opportunity is offered to do a doctorate.

We expect from the applicants an above-average university degree mainly in business informatics, business administration with ICT-focus or industrial engineering and management.

We offer you a premium working environment in a dedicated team oriented research group and expect from you commitment to the common objectives. The possibilities of the location Fribourg speak for themselves.

Date of joining the team: As soon as possible.
